

Approved Third Party Plan Review Process and List of Approved Firms

Effective May 1, 2017, the Greenville Fire Marshal's Office will be utilizing 3rd party plan review services to supplement our plan review process.

The following plans will require plan review by 3rd party prior to submittal for permit:

- Fire Sprinkler Plans- new systems and system modifications (not otherwise exempt- see below)
- Fire Alarm Plans- new systems and system modifications (not otherwise exempt- see below)
- Fire Sprinkler Monitoring Systems- new systems and system modifications (not otherwise exempt – see below)
- Special Fire Hazards- new and modifications
- Operational Permits for Aerosol Products, High Rack/Piled Storage, and Hazardous Materials

The following plans shall be submitted directly to the Greenville Fire Marshal's Office for review and permitting: (Does not require 3rd party review)

- Underground Sprinkler lines (in conjunction with the Engineering Department's submittal)
- Kitchen Hood Suppression Systems
- Tanks
- Fireworks (commercial venue set ups)
- Residential/Commercial Burn Permits

(For all others not listed above- please contact the Fire Marshal's Office)

Work Exempt from Permitting:

Fire Sprinkler: Plan submittal and permitting is only required for alterations/modifications involving 20 or more sprinkler heads, alterations/modifications to system risers, and/or special applications (i.e. water curtains). Minor fire sprinkler modifications (such as adding 20 or fewer heads) do not require plan submittal.

- Work not requiring plans submittal: **Contractors shall install a white service tag indicating location and scope of work.**

Fire Alarm/Fire Sprinkler Monitoring Systems: Minor fire alarm system modifications (such as adding horn/strobe for fire sprinkler monitoring or expanded notification coverage) do not require plan submittal.

- Work not requiring plans submittal: **Contractors shall install a white service tag indicating location and scope of work.**

Steps for Plans Requiring 3rd Party Review:

STEP 1- Submit your plans to a selected 3rd party firm from our approved list (See Below). The firm shall represent a Texas licensed professional engineer with a license in the branch of fire protection. If you would like to utilize an alternative firm, please contact the fire marshal's office for approval. Contractor shall pay all fees associated with 3rd party review directly to the 3rd party firm. See below for a list of approved 3rd party firms.

STEP 2- Submit the following items to the Greenville Fire Marshal's Office for permit approval

- A. A completed Greenville Fire Marshal's Permit Application (available at

Fire - Rescue

<http://www.ci.greenville.tx.us/110/Forms-and-Applications>)

B. An electronic copy (PDF) of reviewed plans and all associated documents. Submitted plans shall bear the stamp and signature of a 3rd party review firm and the contractor's design professional.

C. Send all documents to Greenville Fire-Rescue located at 2603 Templeton Street, Greenville, TX 75401 or call (903)457-2945 for an email address.

STEP 3- Upon receipt and review of required documents in the proper format, a permit from the Greenville Fire Marshal's Office will be issued. A copy of the stamped approved plans and your permit will be emailed or available for pick up.
